

25th November 2008

Dear Sir/Madam

Janssen-Cilag Limited announces changes to distribution arrangements

Janssen-Cilag Limited is making changes to the distribution of its prescription medicines to pharmacies and dispensing doctors on the mainland of Great Britain from January 2009.

For the remainder of 2008 Janssen-Cilag medicines should continue to be available from major wholesalers.

In January 2009 Janssen-Cilag Limited will reduce the number of full line wholesalers it partners with whilst retaining the standard wholesaling model. We are in the latter stages of negotiations to finalise the contractual details to ensure our products will be available from three wholesale partners AAH Pharmaceuticals, Phoenix Healthcare Distribution and Unichem Limited.

Our selected wholesalers provide national coverage and have extensive experience in the pharmaceutical supply chain. We will be working closely with these organisations to ensure a smooth transition to the new arrangements.

In the unlikely event of difficulty in obtaining any of our products pharmacies can take advantage of our emergency supply service by contacting our Customer Service team on free phone 0800 333001.

Yours faithfully,

M. Burgess
Head of Supply Chain
