

29 September 2010

Dear Pharmacist,

Re: Supply of Lundbeck products

We are pleased to confirm that as of 1 November 2010, Alliance Healthcare (Distribution) Ltd. will become sole distributor of Lundbeck products to pharmacies, dispensing doctors and hospitals in England, Scotland, Wales and Northern Ireland.

For your convenience, please refer to the table attached for details of all the products included as part of this new agreement. The discount will be 8% across all the products qualifying for discount and will be presented via a reduction in the price that is invoiced (net priced). As such any spend will no longer appear as 'Eligible Medical' sales and will appear within the 'Other Non Eligible Medical' category on customers' statements.

Additionally, I would like to highlight the following points:

- From this date, orders for Lundbeck product will be channeled through your existing Alliance Healthcare account number via your PMR/ ordering systems. If you require assistance configuring your PMR system to order, please refer to your PMR guide, alternatively you can contact your system provider's helpdesk or Alliance Healthcare's dedicated Customer IT team on 0800 032 2454 or email: customer.IT@alliance-healthcare.co.uk.
- Purchases of Lundbeck product will arrive as part of your usual Alliance Healthcare delivery.
- Purchases of Lundbeck product **will not** be subject to Alliance Healthcare's low account spend surcharge and/or its fuel surcharge.
- As you already hold an Alliance Healthcare account there is no need for you to take any further action. In order to receive Lundbeck products from 1 November 2010, you can simply continue to order from Alliance Healthcare in your usual manner.

If you would like to discuss these changes in more detail, or have any further queries please do not hesitate to contact your Alliance Healthcare Account Manager.

Yours sincerely,

John Geddes
Sales Director
