

No Charge and Multi-Charge Items

The following is a list of commonly dispensed products which incur no prescription charge or multiple prescription charges. The list is not intended to be exhaustive.

'Multiple prescription charges' are payable where:

- Different drugs, types of dressings or appliances are supplied
- Different formulations or presentations of the same drug or preparation are prescribed and supplied
- Additional parts are supplied together with a complete set of apparatus or additional dressing(s) together with a dressing pack
- More than one piece of elastic hosiery (Anklet, Legging, Knee cap, Below knee, above knee or thigh stocking) is supplied
