

Get a free medicines check up from your local pharmacist

Do you regularly take more than one prescription medicine or take medicine for a long-term illness? e.g Asthma or Diabetes
A few minutes with a pharmacist could change your life.

A confidential medicines check up will help you:
Find out more about your medicines
Identify any problems
Help you take your medicines in the best way

This is a free service, so ask about a medicines check up next time you visit your pharmacy
